

**FOR IMMEDIATE RELEASE:**

**Caroline Elementary School Playground Community Build May 9-10**

Slaterville Springs, NY - April 7, 2008

Caroline Elementary School, located at 2349 Slaterville Road, is building an amazing new playground and we need lots of help. This will be a community event, and after a hard days work, 300 children will have a new playground to enjoy for many years to come. The playground will also be open to the community during daytime, non-school hours.

On May 9th we need volunteers with construction experience. You will be working with the designer, and ICSD facilities staff to prep the site, stake out the area, and drill holes.

On May 10th we need over 125 people from 8am-7pm. Come for the whole time, or just an hour, whatever works in your schedule. You will be constructing the playground, pouring concrete (bagged and mixed in the hole), spreading wood chips, or helping with food and beverages.

If you can't be there on the 10th there are other ways you can help. Contact one of the people listed below to find out how.
